Foreword

FOLLOW us back to the gas-lit corners of historic Richmond, to the bicycle-filled streets and the trolley car rails—a Richmond that had grown from Falls Plantation into the leading port of the South, exporting great quantities of tobacco and cotton and wildly enthusiastic over its new craze of silk raising, an industrial center with Scotch-Irish immigrants filling the growing town.

This was a city of commerce, culture, and politics. It was a suitable capital for the grey coats indeed, with its business-like atmosphere and political leaders.

Our own Thomas Jefferson designed some of the most outstanding buildings now existing; and typically southern mansions formed a fitting background for the laced, patched, and ruffled ladies and their gallant gentlemen. Wig and gig were the order of the day, and dainty buckled feet stepped from victorias to the southern ground in which each had equal pride.

A true heritage for us, and surely a worthy theme to perpetuate in this, our 1938 *Monticello!*

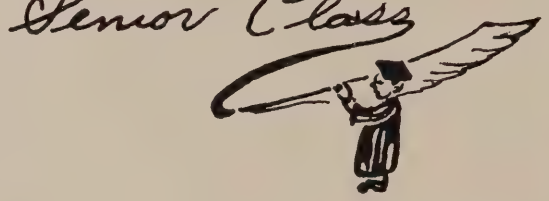
THE STORY OF MY LIFE

Senior Class



How young and innocent I was, blundering into classes of history 8 when I was hunting for biology 1. That was back in September '35 when, sadly in need of help, I proved my wisdom, even at this early age, by selecting Miss Margaret Baker to help me through the next three years. It was fun—that feeling of beginning to know my own school and being able to tip my hat to Jasper Junior and Sammy Senior.

But I was ageing, faster than I knew. As quickly as school lets out at 3:10, I rubbed my eyes and found myself, not the bewildered background of school activities, but the very nucleus of school life, a Junior! Holding firmly to Miss Baker's hand and reelecting Gordon Remine for president, I gave an unbeatable show, if I do say so myself, in the

"Junior Varities" and literally "bowled" Sonny Sophomore and S. Senior over in the tournament; but that's not all, I gave a dance with Sammy Senior. How well I remember! The gym resembled some huge palace ballroom, and how I worked to make it look that way—cutting crepe paper, sewing streamers for the balloons, picking up stray pins; it was all in the fun of the dance.

As Jasper Junior I cast a speculative eye on the coveted role of S. Senior. Little did I realize how quickly I would be filling it. I was really busy and working hard. Student Participation, athletics, music, and clubs all found me interested and talented.

My senior year! Aylette, Cottie, Marion, and Dick were heading the class; and we rushed our way through dances, football games, shows, and work. I was the hail-fellow-well-met senior; my worries were transient as compared to my fun. I remember that John Marshall game, as who doesn't (!) and the unforgettable thrills and chills of "Scarecrow Creeps," the grand times I had on Class Day and the Senior Picnic. But I began to feel my age. Sonny Sophomore and Jasper Junior were eager to fill my shoes; and while they had that glorious year to look forward to, I realized, as I ascended the graduation platform, that it was all over for me!

Junior Class

DURING its two full years of existence, the class of '39 has played a prominent part in school activities. Juniors have been most outstanding in Student Participation, clubs, and athletics. Under the sponsorship of Miss Lila Crenshaw and the leadership of its officers, Jimmy Remine, Helen Stevens, Betty Scheer, and Carolyn Armitage, the Junior Class has given two dances. *The Nautical Nightmare,* Junior Stunt Night, was the biggest event of the year and proved to be a huge success.

Student Participation Association

FOLLOWING the modern trend in education that moulding students along the lines of better citizenship is a highly desirable aim, the first program of student participation in government in Richmond was started in Thomas Jefferson in the spring of 1935.

A constitution was drawn up providing for a bicameral council, composed of the Senate and the House of Representatives. Each section was alloted a set number of senators, while each home room had one representative.

The honor study halls, with student chairmen, the first step in the inauguration of student government, were opened in December, 1934. The Cafeteria Committee, the Recreation Hall Committee, and various other committees were formed as the need arose, giving a total of twelve committees functioning under Student Participation.

During the year 1937-1938 the Student Participation Association, under the guidance of Miss Harriet D. Snow and the presidency of Russell Browning, has tackled bigger and harder problems. A permanent hand-book has been published and a point system is expected in the near future. The Senate, with a membership of sixteen, meets every Tuesday to discuss plans leading to the further improvement of the school. The House of Representatives assemble on alternate Mondays to learn these plans and to report them to the home rooms, thus forming the link between the Senate and the students at large.

With the hearty cooperation of the Thomas Jefferson student body, the Student Participation Association is moving towards its goal of having all members of the student body participate in the affairs pertaining to the student life of the school.

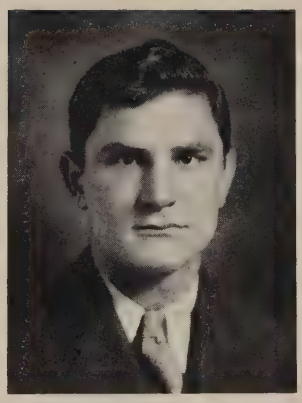
Coach Fugate



Asst. Coach Strong

Under the able guidance of head Coach Wat Fugate and Assistant Coach Jim Strong Thomas Jefferson's 1937 football squad, winning seven out of ten games, had one of the most successful seasons in the history of the school. It was the '37 footballers who had the honor of being the initial ones to down a Blue and White eleven. For the first time, the annual classic against John Marshall ended with the scoreboard showing a Jeff victory. The Presidents, for this triumph, received the Kiwanis Cup which is annually awarded to the winner of the T. J.-J.M. tilt.

Another thrill packed game that Teejay fans will long remember was that between T. J. and Hampton. The Crabbers, possessing an undefeated record for several years, were leading the Teejayites in the fourth quarter. In a last minute effort to score, the Belt Liners completed a pass over the goal line and converted a kick to win narrowly by a one point margin in a thriller finish.

Again carrying the Red and White on high were Leonard Delaney, Jimmy Howard, and Raymond Scott who were awarded berths on the All State and All City Teams, and Stuart Pugh who was named to All City.

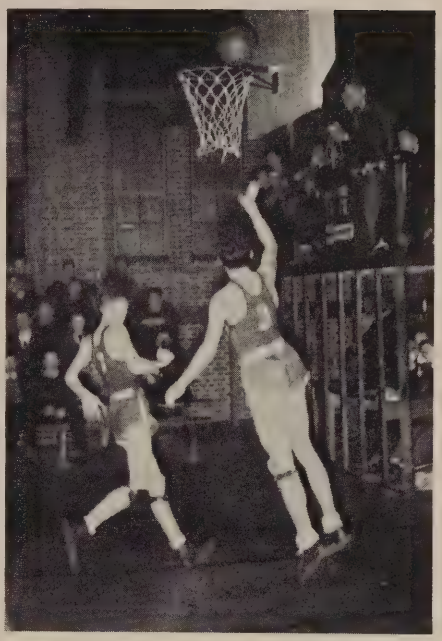
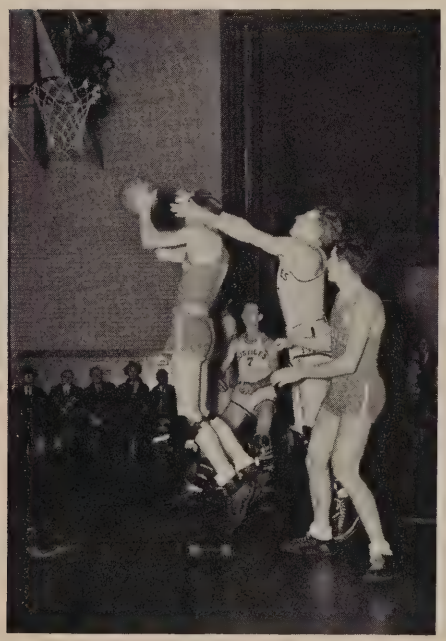
Boys' Basketball



SEVERAL feathers in the form of championship titles, awards, and trophies were put in Thomas Jefferson's cap by Coach Bloxsom's cage quintet. With eighteen wins out of a possible twenty-four as a record, the Jeff courtmen emerged from their brilliant 1937-38 season Central District and Western District champions. The President five put up a fine fight for the State Championship title, but two points narrowly edged them out.

In numerous games the T. J. basketeers played most spectacular ball and featured thriller-finishes. A last second rally and a free throw won the Central District Championship from Hopewell by one point. Again against Maury, the Belt-Liners sank a shot in the last minute to break the tie and win by a field goal margin.



Additional honors were brought home by individual Teejay cagers. To the All City Team were elected Myer Leftkowitz, captain, Mac Pitt, Jr., and Morris Robinson. Pitt and Robinson were also honored with positions on the State Class A All Star Team. The Hank Wolfe trophy, awarded each year to the most valuable player in the city, was presented to Leftkowitz by a unanimous selection.

The '38 sharpshooters were declared the most successful ever to represent the Red and White on the hardwood.

Golf

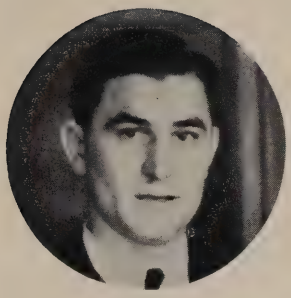
THOMAS JEFFERSON'S 1937 golf team had a fine record considering the fact that only one letter man returned. The loss of Frank Sutton, Clarke Lee, "Bumpty" Cook, Stuart Proffitt, and Alex Norris was sorely felt. The team defeated every school it played at least once. Splitting two matches with Woodberry Forrest and Georgetown Prep each, the Jeffs went on to win from Morrison and Maury. The other losses were to Newport News and Maury.

In the Virginia State High School Tournament the Presidents finished third in the Class A section.

This year's golf squad is very promising, twenty-five candidates having qualified. With the return of four lettermen, Henry Winston, Bob Hervey, Chauncey Welton, and Winston Irwin the prospects are fairly bright. In addition to these, Bob Buchanan, Meriwether Jones, Jimmy Burgess, and Wortham Spillman have turned in creditable scores in spite of the winter lay off.

The team is deeply indebted to Mr. Galvin, faculty advisor, for his kindness and faith in them.

Boys' Tennis



Coach Strong
1938

The presidents presented a formidable foe to their opponents in the '37 season. Dropping only two games, these to Maury, the Jeffs defeated Petersburg twice and Hopewell twice.

Thomas Jefferson's strong sextet continued their victory march by winning the Central District Class A championship by decisive victories over their foes.

The members responsible for this fine record were Dick Johnson, Jimmy Donahue, Raymond Straus, David Arenstein, Dick Wilson, and Luther Dew. These victories were not achieved without hard work. The boys played and practised continually in order to keep in top notch form, and they left a record of which every Jeffersonian may well be proud.

With three returning lettermen to bear the brunt of the offensive this year, the team may have another successful season. The other candidates for the team have plenty of fight in them, as they are not content to be reserves, but are challenging the varsity for their positions.

Girls' Tennis

Having a few varsity players returning and several promising new prospects, T. J.'s '38 femme netters have high hopes. Last season's slate shows two wins against one defeat for the '37 squad. Plans for this year indicate an enlarged schedule and strong effort on the part of the lassies to grip their rackets and better all previous records.

Girls' Varsity Basketball

MARCHING triumphantly through their 1937-38 season, Tee-Jay's hardwood lassies downed all foes on schedule with the exception of three. The flag of victory was raised by the Red and White sextet in nine games, was shared with the Gold and White in a tie with St. Catherine's, and was surrendered reluctantly to only two opponents—John Marshall and St. Joseph's Villa—in hard fought battles. In every tilt the femmes proved themselves true Presidents by their fine spirit and clean, sportsmanlike tactics.

Girls' Varsity Hockey Team

With a capable personnel, a determined spirit, and excellent sportsmanship exhibited throughout the season, Tee Jay's hockey team climaxed its fifth year of existence with a "one, two, three" record—one victory, two defeats, and three ties. Above all accomplishments of the '37 femmes was their 0-0 score with St. Catherine's. That school's mighty scoring attack was halted for the first time in many years when it came against the stubborn and fighting T. J. troopers. As the season's scores indicate, the lassies were evenly matched in all of their games. Such a schedule repeatedly forced the girls to take to the defensive in which line the entire team displayed exceptional ability, consistency, and brilliance during the whole year.

Is the Seed of Success in You?

That is the question that every young man faces as the time draws near for him to enter the business world. If you are able to save money, you can succeed; if not, you will fail! You may not think so, but you will lose as sure as fate, for the seed of success is not in you. Man has two fundamental weaknesses. His inability to hang on to life as long as he desires and his inability to hang on to his material possessions. Life insurance is the only plan which is certain to offset these two fundamental weaknesses. It not only assists him to save his money but guarteen to him the safest investment and the most secure protection.

THE GOVERNOR'S PALACE

The Glorious Past . . . of Colonial Williamsburg has been planned in a truly magnificent manner by the restoration architects. Through research and years of experience they have achieved a truly colonial setting which affords us the opportunity of looking directly on the life of a past generation.

While this annual portrays the activities of but one year of school history, its planning and printing are the result of a generation of experience in scientific craftsmanship . . . an experience we share with you by making your year book accurately express the life and spirit of your school.
